

# TRAINING PROGRAM

Burning of calories 70 minutes

# Burning of calories – Basic

**Sort:** Fitness training, fat burning and strength training

**Intensity:** Medium 65-70% of MHR during entire session

**Maximum Heart Rate:** Ex. 220 – age (men), 226 – age (women)

**Timescales:** 70 minutes

**Keep in mind:** Walk with upright posture, eyes looking straight ahead and with chest out.

It's important to place the pole exactly in front of the rear foot and to press down the pole until reached the "bottom", in order to receive maximum effect! Maintain a high pace (7-8 km/h) and do the strength exercises in a high tempo without losing the technique in order to keep the pulse through the entire session.

*When doing the strength exercises, utilize the unique suspension system by pressing down the pole to the ground, for example in leg exercises this activates the torso muscles in a very efficient way.*

## Warm up 15 minutes

**10 min. walking with poles + 5 min. warm up exercises**

Let the participants walk with different pressure on the poles in order to experience the difference in workload. Ex. Walk 1 minute with light pressure, 1 minute with half of the springs pressure and 1 minute with full pressure.

Warm up, exercise 1

## Mobility sequence with poles

BungyPump Komplex 3

**Execution:** Stand with feet shoulder width, holding the pole in front of your hips and with knees slightly bent. Tilt the upper body forward, bend your knees and move the pole with straight arms upwards and tilt the upper body slowly in a backwards motion. Resume to starting position.

**Keep in mind:** Don't rush through the exercise. Take the time to stretch both sides as much as possible.

**Muscle groups primarily activated:**  
Complete exercise.

**Repetition:** 10 times.

Warm up, exercise 2

## Active side bend with poles

BungyPump Warm-Up

**Execution:** With feet shoulder width, hold the pole with straight arms and place it above your head. Tilt the upper body from side to side in a slow pace. Repeat 5-10 times/side.

**Keep in mind:** Don't rush through the exercise. Take the time to stretch both sides as much as possible.

**Muscle groups primarily activated:**  
Complete exercise.

**Repetition:** 10 times/side.

Warm up, exercise 3

## Standing torso rotation with poles – golf rotation

BungyPump Torso Rotation

**Execution:** With feet shoulder width and knees slightly bent place the poles behind your neck. Tilt your upper body forward and rotate from side to side in a slow pace. Rotate as far out as you can. Repeat 5-10 times/side.

**Keep in mind:** Don't rush through the exercise. Take the time to stretch both sides as much as possible.

**Muscle groups primarily activated:**  
Complete exercise.

**Repetition:** 10 times/side.

## Intervals and strength training 40 minutes

### Intervals:

4 minutes walk with BungyPump poles

2 minutes active rest – strength exercises

Total of 7 intervals with 6 active rest breaks.

*Utilize the unique suspension system by pressing down the pole to the ground and holding it, for example in arm and torso exercises this activates and adds more load to the exercise.*

# Burning of calories – Basic

Active rest, intervals 1-3. Leg, exercise 1

## Squats – push press behind neck

BungyPump Squats Push Press

**Execution:** Stand with feet shoulder width and place the pole on top of your shoulders behind your neck. Perform a squat as shown in the picture so that your buttocks are in line with your knees. On your way up stretch your arms up towards the sky. Resume to starting position.

**Keep in mind:** Keep your back arched by maintaining light tension in your abdominal muscles and hold your chest out throughout the entire movement.

**Muscle groups primarily activated:**  
Buttocks, legs, torso and shoulders.

**Repetition:** 20 times.

# Burning of calories – Basic

Active rest, intervals 1-3. Leg, exercise 2

## Crossed lunges backwards – poles in front of feet.

BungyPump Lunges 8

**Execution:** Stand with feet shoulder width, place the poles in front of your feet and press the poles down to the ground. Take one step diagonally backwards with one leg. Resume to starting position. Keep the resistance of the poles throughout the entire movement

**Keep in mind:** The further back/diagonally you place your leg the greater the load on the body.

**Muscle groups primarily activated:**  
Buttocks, legs and torso.

**Repetition:** 10 times/side.

# Burning of calories – Basic

Active rest 1-3. Torso, exercise 3

## Torso twist with pole

BungyPump Torso twist

**Execution:** Starting position with bent knees and holding the pole on one side of the leg. Move the poles from one side to another by lifting the pole up as far as possible and moving it down to the other side again.

**Keep in mind:** Maintain light tension in your abdominal muscles by stabilizing the area below the navel throughout the entire movement. Increase the intensity of the exercise by raising the pace of the movements, without losing your posture and control.

**Muscle groups primarily activated:** Buttocks, legs and torso.

**Repetition:** 10 times/side.

Active rest 4-6. Leg, exercise 4

## Lunges forward + Torso rotation – straight arms forward

BungyPump Lunges with Rotation

**Execution:** Stand with feet shoulder width and hold the pole with straight arms forward. Take one big step forward as shown in the picture, ensure that your knee almost touches the ground while you simultaneously rotate your upper body and torso in the same direction as your forward leg. Resume to starting position.

**Keep in mind:** Keep your back arched by maintaining light tension in your abdominal muscles and hold your chest out throughout the entire movement.

**Muscle groups primarily activated:**  
Buttocks, legs, torso and shoulders.

**Repetition:** 10 times/side.

# Burning of calories – Basic

Active rest 4-6. Leg, exercise 5

## Vertical jump

BungyPump Vertical Jump

**Execution:** Stand with feet shoulder width and place both poles in front of your feet. Press down the poles while you simultaneously bend your legs and do a quick jump upwards while pushing away with the poles. Resume to starting position.

**Keep in mind:** Only go as far down as to when you can easily push away in the upward jump (approximately in a 90 degrees knee angle).

**Muscle groups primarily activated:**  
Buttocks, legs, torso and shoulders.

**Repetition:** 8-10 times.
